

JEFFREY F. S. NEUMANN

UX/UI • WEB • INTERACTION DESIGN

Websites • Interfaces • Digital Products • Figma

Cleveland, OH • jfsn.com • Showspace Portfolio • jeff@jfsn.com

SUMMARY

UX/UI and web designer with 30+ years of experience making complex websites, interfaces, and workflows clearer, easier to use, and better looking. Experienced across UX, UI, interaction design, information architecture, visual design, and prototyping.

HOW I HELP

MAKE THINGS CLEARER Workflows • Information • Interfaces

IMPROVE WHAT'S ALREADY THERE Websites • Products • Interfaces

WORK INDEPENDENTLY Investigate • Design • Prototype • Deliver

BRING VISUAL JUDGMENT Hierarchy • Typography • Composition • Interaction

EXPERIENCE

Freelance / Independent Designer

Remote • 2023–Present

- UX/UI and web design for digital products, websites, and experimental projects.
- Designed and built Brand Brain, an experimental AI-assisted workspace for organizing and developing creative assets.
- Design and prototype websites and digital interfaces using Figma and web technologies, with AI-assisted tools where useful.
- Work independently across UX, visual design, interaction design, information architecture, and front-end prototyping.

Design Consultant — CGI Federal

Cleveland, OH • 2014–2023

- Designed UX/UI for complex government and enterprise applications.
- Redesigned housing and compliance workflows with an emphasis on navigation, information hierarchy, accessibility, and usability.
- Led UX/UI work for CGI Notify, an emergency communications platform.
- Designed OnCue360, a mobile inspection experience supporting field workers and offline workflows.
- Created design systems, prototypes, responsive patterns, and production-ready interface designs.

Principal Designer — OEConnection (OEC)

Richfield, OH • 2011–2014

- Designed mobile-first B2B experiences for automotive professionals.
- Developed reusable interface patterns and component libraries.
- Helped establish responsive design standards across the product suite.
